Annexure: AI Use Declaration

AI Tool	What I asked it to do	What I wrote, changed or checked myself
ChatGPT	Explain the working, features, and limitations of the Self-Healing Software / Order Tracker project.	I reviewed the explanations, selected the relevant features, and checked that I could explain the project's purpose and working.
ChatGPT	Help me understand Python code, project setup, database schema, and error detection and recovery concepts.	I reviewed the code, checked the setup instructions, and worked on understanding how the application and database function together.
ChatGPT	Help me prepare project documentation, workflow steps, and a project report.	I reviewed the generated content and selected and organized the information relevant to my project.
ChatGPT	Explain technical problems that a self-healing software system cannot solve and provide reasons.	I reviewed the suggested limitations and checked that the reasons were relevant to the project's actual capabilities.

Declaration:

I confirm that this project entry represents my own work, that all AI tools used have been declared honestly, and that I can explain the submitted code and the parts of the project I have developed. I understand that AI-generated suggestions must be reviewed and verified before submission.
